

# SE Arizona Birding

August 16-23, 2021

Come bird famous SW Arizona with us, and Martin Hagne, GCBO's Executive Director. We have hooked up with WINGS Birding Tours and Gavin Bieber to lead us for 6 days of birding! We will be targeting all the reliable southeastern AZ specialties in addition to any irregular species present, and will be on a constant move across the region in our 2 vans, birding from sun up to sundown... and then some owling! And don't forget, traveling with GCBO helps us fund our avian research projects and mission!
